

DUCKWORTH

Legendary Adventure

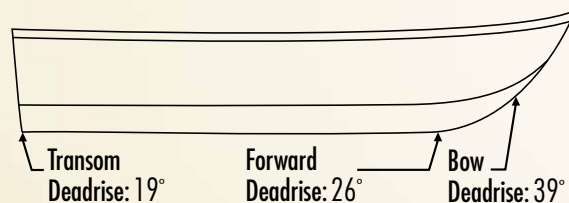

BE PREPARED FOR THE CONSTANT WAVES OF JOY.

What makes Duckworth boats such a pleasure? The reasons are as varied as all twelve different models themselves. For some, it's the sleek design and unrelenting performance. For others, it's the pride in owning the brand of aluminum boat with such a storied history. Still others like the statement a Duckworth makes: its owner is wise, adventurous and unconditionally friendly. But we don't rest on our laurels; we continue to be adoptors of new materials and new technology. With more than a dozen product updates that come standard on most of our 2016 models, you'll find the latest interior creature comforts to improve your style of boating experience. Get ready to hit the waves.

HULL DESIGN THAT'S UNIQUELY REDEFINED

For years, the measurement of a boat hull's deadrise — the angle or angles that define the hull shape — has been a point of confusion. Deadrise is a critical factor in how a boat performs, yet boat manufacturers measure the angle in different ways and different locations on the hull. At Duckworth, we're setting a new standard for deadrise measurements to give you a

complete, accurate picture. Every Duckworth model now includes three points of deadrise measurement: at the transom, forward and bow entry. Comparing these measurements against other models can help you select the boat that will best fit your needs.

NEW MODEL: 24' PACIFIC PRO

The 22' Pacific Pro introduced last year was so popular the line has been expanded to include an all-new 24' model. You will not believe the size of the fishing deck on this angler-focused vessel. It's a moderately priced, mid-sized fishing boat that's at home on lakes or estuaries — but it's ocean-ready for serious offshore angling. The hull design features an aggressive deep-entry vee for dependable rough water performance, an upswept bow that breaks through bigger waves and an optional fully enclosed Alaskan bulkhead cabin with full hardtop (no canvas) for better security and comfort.

DUCKWORTH BOATS ARE NMMA CERTIFIED

All Duckworth boats are certified by the National Marine Manufacturers Association (NMMA). When a boat has been NMMA Certified using American Boat and Yacht Council (ABYC) standards, you know it has been built to the industry's leading safety standards. In addition to meeting all federal regulations, NMMA Certified boats are evaluated for compliance with 31 ABYC standards. The lasting impression that Duckworth boats are designed to make includes peace of mind.

16, 18 & 20 ADVANTAGE OUTBOARD

Now available in three perfect lengths. The quality is pure Duckworth. No other boat compares to the performance, structural integrity or attention to detail you'll find in the Advantage Outboard. Match the length perfectly to the number of friends and family you'd like to have on board. The Advantage also fits easily into most garages.

18 ADVANTAGE OUTBOARD TILLER

An open tiller design that opens a whole new world of angling opportunity. Flexibility and fishability. New for this year is an optional center console model that includes a tilt up windshield, gauge package, driver's seat on 4-legged pedestal and on optional cooler in front of the console with cushioned lid for even more seating options.

22' & 24' PACIFIC PRO

New 24' model now available. Affordably priced and capable of handling inshore and offshore waters alike. The no-nonsense hull design features a deep-entry vee, an upswept bow that tackles bigger waves while remaining watertight, and an optional fully enclosed Alaskan bulkhead cabin with full hardtop.

OFFSHORE

The pinnacle of performance has been achieved with the Duckworth Offshore Series. It continues to win over even more die-hard tuna, halibut, salmon and bottom fish anglers. When you compare the long-term utility and extreme seaworthiness, the Offshore has no comparison. More options and cabin flexibility allow customizations that are one of a kind. Fill the fish box if you can.

PACIFIC NAVIGATOR 235

The successful launch of the largest and most exciting Navigator models will enhance your on-the-water experience in a really big way. Placed head-to-head against any other model in its class, including similar-sized fiberglass boats, the 235 will always get the nod of approval. This Navigator is driven to bring you to the shores you dream about.

PACIFIC NAVIGATOR 215/215 SE

Superior performance has elevated the Pacific Navigator 215 to the top of the sales charts, and the full reverse chine bottom helped to put it there. Get ready to feel handling akin to the finest sports car and amenities on par with perfection. The bow design features an aggressive 28° vee for ultimate open-water performance that lives up to Duckworth's reputation.

PACIFIC NAVIGATOR 18 & 20 SPORT

Performance and value as prized as any catch come standard. Featuring an extended bottom beneath the Pacific Offshore Bracket™. The ride in the Pacific Navigator Sport is smooth as ice. The power to weight ratio is balanced perfectly. Jumps up on plane quick and cruises level and effortlessly. Customize with the options you desire.

20 NAVIGATOR SPORT HT

By popular demand, we've added the security, comfort and strength of a hard top to the top-performing 20' Navigator Sport. Imagine being completely warm and dry even on the coldest, wettest days. You know the fish don't allow the weather to affect their appetite. Don't let the weather keep you at home when the fishing is fantastic.

ULTRA MAGNUM INBOARD JET 22 & 24

The supremacy continues! From the Snake to the Feather to the Yukon River and beyond, the Magnum's legendary style and performance rule the rapids. Featuring a wide 7' bottom, this inboard jet's acceleration and ability to plane at lower speeds has enthusiasts on adrenaline overload. It proves why Duckworth is no ordinary boat.

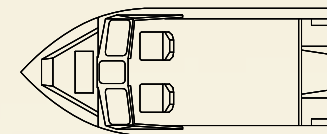

ADVANTAGE INBOARD JET 18, 19, 20 & 21

Following in the jetwash of legends, the Advantage Inboard can do it all — and does so exceptionally well. Fast, nimble and thrilling to drive, it's also shallow-draft and whitewater rapid-capable. Consider it headquarters for hard-core anglers and family fun alike. Available in a size that fits your needs and budget perfectly. Fly one of these jets today.

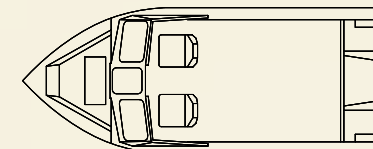

FITS COMFORTABLY IN THE GARAGE BUT WON'T BE COMFORTABLE THERE FOR LONG.

DUCKWORTH
Legendary Experience

When the Advantage Outboard series was launched, Duckworth knew it hit the bull's-eye. The response was resounding. And now three years later, the Advantage continues to captivate the attention of anglers everywhere. Generously sized at 16'7", 18'7" and 20'7", the Advantage features a roomy 66" bottom and an ultra-secure and seaworthy 34" side height. The result is a Duckworth of uncommon value and affordability that's incredibly versatile. There's no need to miss a moment of the action when Duckworth has made it so accessible.

ROOMY, FISHING FRIENDLY LAYOUT

Ride in pure comfort. Fish up to five anglers with plenty of room to net the big ones. Optional cooler bench seats available.

DISTINCTIVE DESIGN

Duckworth quality is in the details. Comfortable, durable upholstery. Perfect welds. No sharp corners.

RESPECTED BY PROS

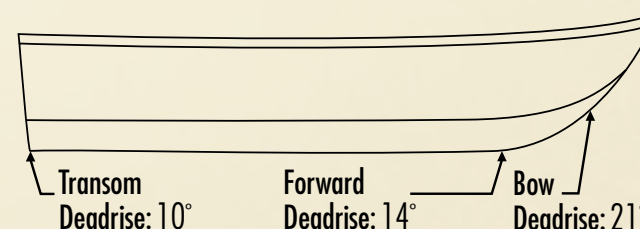

Professional guides, prominent TV show producers and industry experts trust Duckworth quality.

RIDE SMOOTHER THAN SILK

Cut the chop down to nothing. Maneuver in tight quarters with ease. Duckworth boats do it like no other.

DEADRISE DEFINED

Take the guesswork out of selecting the right hull design. Duckworth Boats provide three points of measurement on the hull. Each angle is engineered for optimal performance.

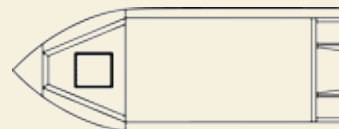

18 ADVANTAGE OUTBOARD TILLER

EVERYONE WILL ASSUME IT MAKES YOU A BETTER FISHERMAN. INCLUDING YOU.

The name "Duckworth" speaks wave-making volumes. It's no wonder people jump to conclusions when they see one running. Duckworth's style, performance and construction are legendary and fully evident in the new 18' Advantage Outboard Tiller. Perfect for all angling techniques: side drifting, on anchor, backtrolling, trolling or drifting. Easy to launch, load, store and own, it's exactly what recreational anglers from coast to coast have been asking for in an open boat. Tailor the Duckworth Advantage with an options list that makes custom touches easy.

SPACE FOR SUCCESS

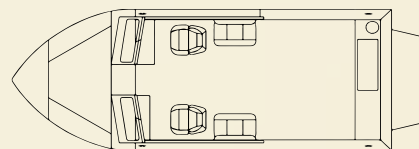

Every tool, every piece of tackle at your fingertips. This 18' has more storage than boats much larger.

TOP IT OFF WITH COMFORT AND SECURITY.

Here's what sporty anglers have been waiting for. Built on the same hull as the 20' Navigator, the advanced new Duckworth Sport HT covers all your angling and pleasure cruise needs with a Duckworth designed hard-top. The structural integrity of our larger offshore models has been scaled to fit perfectly and function flawlessly in our 20' Navigator model. All the comfort and strength you'd expect overhead, combined with a wave-slicing 30° bow and wide beam for the ultimate on-the-water performance.

DUCKWORTH
Legendary Experience

Moderately priced, this mid-sized boat is equally adept at leisurely lake trips or hardcore ocean fishing. Like all other Duckworths, the sporty Pacific Pro has been thoroughly developed and tested in its actual environments. You can count on a hull design with a deep-entry vee for dependable rough-water performance. The upswept bow breaks through bigger waves while staying watertight. The optional enclosed Alaskan bulkhead cabin, with full hardtop, provides the ultimate security and comfort. That ought to show everyone.

STANDARD FEATURES

POWER 300 maximum horsepower

Hull Features

- Full hard top (82") w/aft leaning windshield, top trays, red/white LED cabin lights, Hehr slider side windows w/screens, 3" top rails, tread plate roof, & clear vinyl backdrop.

DUCKWORTH
Legendary Experience

READY FOR THE LONG RANGE

The 26' Offshore features a standard 121 gallon, and an optional 160 gallon, fuel capacity. While motor choice and total weight will vary total fuel consumption, the Offshore is easily capable of 100-mile-plus tuna missions, multi-day excursions on the Inside Passage, or weekend trips island-hopping in the San Juans.

Full hard top 84" w/forward leaning windows w/grab handles, Alaskan bulkhead, red/white cabin lights, aft deck work lights and carpeted cabin sidewalls.

Cuddy cabin with watertight evacuation hatch, side windows, storage, shelving, cushions and 2 red/white cabin lights.

V-berth storage with cushioned lids. Center pad converts entire area to sleeping quarters. Comfortable for two and plenty of gear.

Standard helm w/mariner suspension seat, triple wipers, gauge package, slider windows, USB port and ample room for electronics.

Cabin configuration options include everything from marine head, heater, refrigerator and multiple seating options.

Optional subfloor, high-security, intelligent storage for up to 12 rods. Additional rod storage in side trays and overhead rocket launchers.

Aggressive offshore swept bow w/rails and self-draining anchor/rope locker. Bow evacuation hatch from V-berth.

Oversized, fully insulated, subfloor fish box, with optional macerator pump. Extra-oversized fish box available on 28' and 30' models.

Offshore dependability for crabbing, shrimping, fishing, sightseeing and multi-day excursions.

Rear deck transom door for easy loading and access. Full width swim platform with optional folding ladder. Self-draining rear deck.

Optional overhead welded vertical rocket launcher rod holders keep rods secure and out of the way.

Offshore dependability for crabbing, shrimping, fishing, sightseeing, and multi-day excursions.

SPORTFISHER CAPABILITIES WITH STATEROOM AMENITIES

The fully appointed helm features custom gauges, suspension seats and easy access wire runs for optional navigation and electronics.

A highly versatile cabin offers countless seating, storage, cooking and sleeping options you can customize to your needs.

DUCKWORTH OWNERS AREN'T THE TYPE TO KEEP THEIR OPINIONS TO THEMSELVES.

*"What I like most about
its performance. Top speed
comfortable cruising speed.
Yamaha 150s make it very*

*"Love it. It has a custom
aluminum top and is warm and
dry. I love the deck room."*

-Robert G., Kodiak, AK

*"Unique in the Midwest; we expect
exceptional performance in these
lakes and rivers."*

-Robert B., Minneapolis, MN

*"Well built, nice welds, things stay together,
everything works, it handles all types of water
very well, fun to drive. Now that I've had my
boat for six years, there have been no problems.
Been running the white water in Hell's Canyon,
fishing the Snake and Columbia Rivers."*

-Renton C., Adams, OR

*t the 28 Offshore is
eed of 44 mph and a
ed of 32 mph with twin
y fuel-efficient."*

-Brian D., Red Deer, AB

*"I like the quality construction, the
smooth ride, and the fact she's an
old-school Duckworth!"*

-Dan R., Elma, WA

*"The power, handling and the
uniqueness of the design,
not many in Colorado."*

-Neal K., Arvada, CO

*"I enjoy the solid hand-built quality my
Duckworth offers me. I also enjoy the
envy I see in the eyes of other aluminum
boat owners here in the Sierras!"*

-John T., Rocklin, CA

*"It's a very well-constructed
boat. I'm a welder and
welding inspector, and am
impressed with the quality
of workmanship."*

-George M., Pahrump, NV

SIZE (L/W/B):	215 – 23' 8" x 84" x .190"
	215 SE – 23' 8" x 84" x .190"
	Overall length includes Offshore Bracket™
DEADRISE:	Bow: 34°
	Forward: 28°
	Transom: 18°
BEAM:	102"
SIDE:	36" x .125"
DRY WEIGHT:	2370 lbs.
FUEL CAP:	65 gallon diurnal (optional up to 88 gallons)
MAX CAP:	8 persons/1320 lbs.

DUCKWORTH
Legendary Experience

When it's time to go, there's no waiting with our Pacific Navigator series. The 215 and 215 SE reflect Duckworth's commitment to style, comfort and construction — all wrapped into a 23'6" length that features a full 84" bottom, 102" beam and 36" side height, for the very best in big-water boating and adventure. The reverse chine bottom lifts beautifully so you get every ounce of outboarding benefit. The offshore outboard bracket optimizes interior space in a way that adds security and seaworthiness. In a Pacific Navigator, you'll throttle the water.

STANDARD FEATURES

POWER 215 – 300 maximum horsepower | 215 SE – 300 maximum horsepower

Hull Features

- 25" Single engine offshore bracket with integral bottom sheet & swim platform
- Extruded chine, toe rail, keel strip & gunwales
- Full reverse chine bottom design
- 3 piece welded, walkthrough windshield with grab handles
- Recessed self bailing diamond tread bow
- 3" Polished Bow & Stern rails (215 SE)
- Welded downrigger brackets (215)
- Bow storage (Room for 2nd battery)
- Side storage trays with gunwale rod racks - 2 per side
- Offshore bracket w/tread plate swim platform
- 2 - welded stern eyes
- 5 - 8" welded cleats
- Pressure tested subfloor fuel cell - diurnal system compliant
- Sound deadening foam package
- Bow fish box
- Under floor aft storage compartment
- Fishermen's transom with fish box, self-draining utility area, 2 piece cutting board hatch lid and framed rigging access panels
- Integrated offshore bracket
- 3 step boarding ladder & grab handle (215)
- Flat bow for electric troll motor placement (215)

Exterior Features

- Choice of standard paint colors
- Stainless steel thru-hull fittings below waterline w/seacock valves (215)
- Granite color paint on gunwales, sidewalls and side tray/foam boxes (215 SE)
- Top, 1/2 side and deck paint

Interior Features

- Choice of grey or tan interior package
- Vinyl covered marine grade plywood floors and kick panels (215 SE)
- Carpeted sidewalls & side tray/storage boxes (215)
- Choice of vinyl or carpeted floors (215)
- Stainless steel cup holders
- Netted Storage
- Heavy duty convertible top with side curtains
- Top backdrop (215)
- Deluxe Captain Seats on HD adjustable pedestal bases
- 26" Rear bench seats w/back rest (215 SE)
- 37" Rear storage bench seats (215)
- Locking glove box
- Locking rear transom storage
- Forward dual battery tray (215 only)

Rigging Features

- LED Navigation and anchor lights
- Full gauge instrumentation package w/12 volt outlet and USB port
- Stainless steel marine horn. Driver windshield wiper.
- Fuel/water separator
- 1250 GPH bilge pump
- Uflex steer hydraulic steering
- Single Battery Switch only (No Battery)
- Quick connect for electric troll motor (215)
- Rear livewell w/recirc, dual pumps (215)
- Bow livewell w/recirc, dual pumps (215)
- Bow Electric Plug-In (215)

ROOM FOR EVERYTHING

The bow storage compartment provides cavernous room for supplies. Even large items fit with ease.

DRIVE IN TOTAL COMFORT

A redesigned dash and steering wheel put it all within reach. Add optional Mariner suspension seats, shown here.

OVERSIZED FISH BOX

If you fill the large transom fish box, no worries. You have even more room in the floor storage compartment.

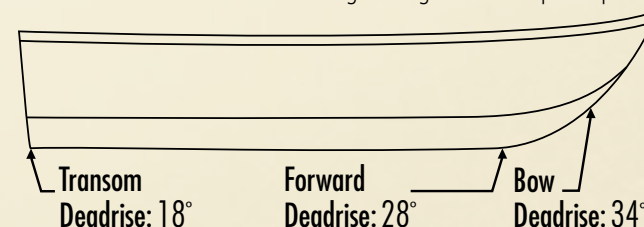

SLEEP IN STYLE

Add optional bench-to-bed conversion seating for overnight comfort or a sunbathing station.

DEADRISE DEFINED

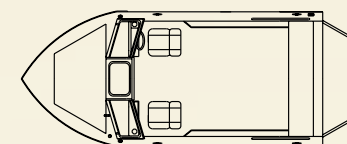

Take the guesswork out of selecting the right hull design. Duckworth Boats provide three points of measurement on the hull. Each angle is engineered for optimal performance.

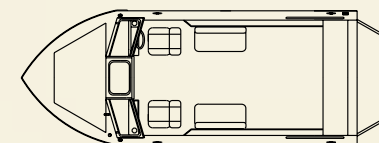

THE FISH ARE EQUALLY AS CONCERNED AS THE COMPETITION.

HULL SPECIFICATIONS

18 Pacific Navigator Sport

20 Pacific Navigator Sport

SIZE (L/W/B):	18 – 20'4" x 72" x .190"
	20 – 21'11" x 72" x .190" <small>Overall length includes Offshore Bracket™</small>
DEADRISE:	Bow: 30°
	Forward: 24°
	Transom: 14°
BEAM:	93.5"
SIDE:	35" x .125"
DRY WEIGHT:	1730 lbs./1925 lbs.
FUEL CAP:	42 gallon diurnal
MAX CAP:	18 – 5 persons/825 lbs.
	20 – 6 persons/990 lbs.

DUCKWORTH
Legendary Experience

Here's how to make a fast getaway. The 18' and 20' Pacific Navigator Sport offer a wave-slicing 30° bow and 24° forward deadrise for smooth, stable performance wherever you go. The actual length measurement is taken from the bow to the back of the Offshore Bracket™. Compare competitive models carefully. The 72" bottom width and 35" sides in combination with the full-width, full-height transom make this series incredibly versatile. Looking to expand your horizons? The Navigator Sport will get you there and back in graceful style.

STANDARD FEATURES

POWER 18 – 150 maximum horsepower | 20 – 200 maximum horsepower

Hull Features

- Single engine offshore bracket with integral bottom sheet & swim platform

NEVER RUN OUT OF ROOM

The largest transom fish box in its class, combined with a self-draining fisherman's work and bait station.

NEW INTERIOR COLORS

Rich tan (shown here) or new grey interior and upholstery colors exhibit an always-clean-looking design.

WALK-THROUGH WINDSHIELD

Easy access to the bow, even with the top on. Inside step doubles as dry storage or additional small cooler.

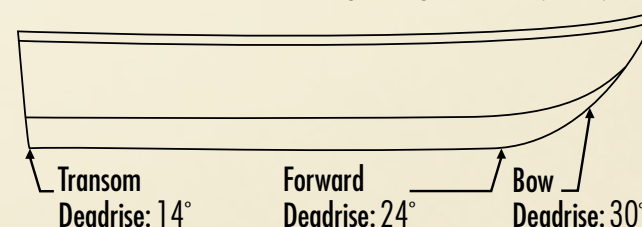

ACCESS EVERYTHING

Flip a switch; change a battery; store tools and gear. The transom design gives you easy access to everything.

DEADRISE DEFINED

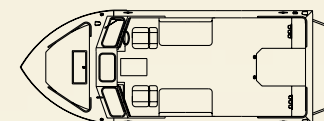

Take the guesswork out of selecting the right hull design. Duckworth Boats provide three points of measurement on the hull. Each angle is engineered for optimal performance.

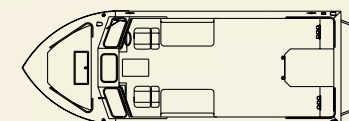

GO PLACES YOU NEVER KNEW EXISTED.

	24' – 9 persons/1485 lbs.

DUCKWORTH
Legendary Experience

You'll never say "if only" in Duckworth's Ultra Magnum Inboard Jet. The ultimate off-road vehicle, the Ultra Magnum has conquered some of the most challenging, demanding and just-plain-wild water on the planet. And won. Driven by a powerful V8, this is the biggest, baddest, boldest inboard jet ever. Its Hydro-Flow jet hull accelerates at a stunning rate, to reach planing speed in an instant. Bring it on — from intimidating whitewater to shallow ripples and everything in-between. The Ultra Magnum makes the unknown your easy-to-discover playground.

ULTRA CUSTOM FEATURES

Ultra-accepting of every conceivable accessory the hard-core jet boater could ever want. Duckworth dealers have done it all.

STORE RODS ABOVE

Keep the clutter on deck to a minimum by adding an optional rocket launcher style rod holder on the hard top.

POSITIVE PERFORMANCE

The Magnum performs at the highest possible levels. Navigate rivers few other boats can and see wonders never seen.

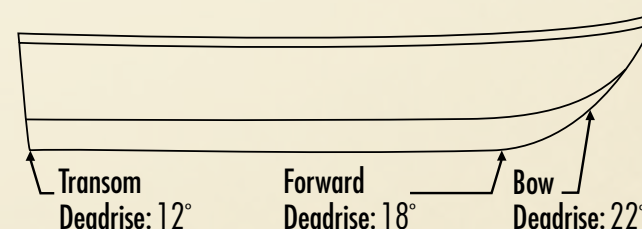

DECK IT OUT

The raised rear deck is the Magnum's living room. Stretch out, fish, prepare dinner all in the same wide-open space.

DEADRISE DEFINED

Take the guesswork out of selecting the right hull design. Duckworth Boats provide three points of measurement on the hull. Each angle is engineered for optimal performance.

DUCKWORTH
Legendary Experience

The Duckworth Advantage Inboard Jet is always ready for takeoff. With four models from 18' to 21', this series welds upscale features with down-to-earth performance that make the journey to anywhere possible. Expect Duckworth's trademark smooth operation from the versatile 14° transom deadrise that's comfortable in shallow water, bays, whitewater or lakes. The Advantage runs with ease at all speeds thanks to Duckworth's Hydro-Flow hull, which delivers optimal lift and clean water to the intake for superior performance. Let your imagination soar.

DEADRISE DEFINED

Take the guesswork out of selecting the right hull design. Duckworth Boats provide three points of measurement on the hull. Each angle is engineered for optimal performance.

THE YAMAHA ADVANTAGE

Reliability. Performance. Innovation. It all starts right here. And that's exactly why so many boaters won't trust anything but a Yamaha. Yamaha Outboards has proudly operated in the U.S. market for three decades. Yamaha engineers have become known for their relentless pursuit of a more satisfying boating and ownership experience for Duckworth customers. Yamaha Outboards are legendary for innovation, performance and reliability.

POWER, FOR WHEREVER THE DAY MAY TAKE YOU.

The legend of Yamaha reliability isn't the only thing handed down from one owner to the next. We've heard some amazing tales of reliability and performance from Yamaha boaters. There's the family that's been handing down the same Yamaha outboard for more than 25 years. And the fishing guide who went 15 years without downtime.

For nearly 30 years, Yamaha has led the industry in innovation, but we can't take all the credit. The high expectations of Duckworth boaters continually drive us to improve our game. And to make our boats faster, more efficient, more exhilarating and more reliable.

OUR WARRANTY

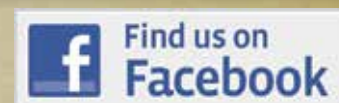

Duckworth's welded-aluminum hulls are warranted in writing against structural defects in material or workmanship for as long as the original purchaser owns the boat. For details and coverage guidelines, including limitations for commercial and international users, please see the written Duckworth Limited Warranty and Owner's Manual at your local dealer.

Boat like your future depends on it. Practice safe boating in all your adventures. Yield the right of way to non-powered craft like rafts and canoes. Slow down when passing other fishermen or boaters. Keep your wake low along erosion-prone banks. Never harass waterfowl or wildlife. Above all, keep lifesaving equipment close at hand. Wear a life jacket. Show that you care. Drive like you mean it.

Some photos show models with dealer added options. Personal Flotation Devices (PFDs) are not always visible in photos. Models, specifications, features and options are subject to change without notice as Duckworth seeks continued product improvements. Please check with your local full-service Duckworth dealer for the latest information about all the features and options available for your Duckworth.

SHARE YOUR LEGENDARY DUCKWORTH ADVENTURES EXPERIENCES ON FACEBOOK!

Let the world know about your Duckworth adventures on our Facebook page. It's fast and easy to upload photos, show off your catch and see all the places your fellow Duckworth boaters go. Learn more about our models, meet fellow adventurers and plan your next trip. You'll find a boatload of ideas and information to help maximize enjoyment of the boat we've engineered for maximum performance and value — your Duckworth.
